Willowpark Primary Academy

Achieving Success Together

We are delighted to share some fantastic news about our data and outcomes for the 22–23 academic year.

Our KS2 results for reading/writing and maths show that our children achieved higher than the National Average.

In Phonics, we achieved 100% pass rate which is significantly higher than the National average and in Early Years, our child also achieved higher than the National Average for their progress and development. This puts Willowpark in the top 30% of primary schools in Oldham and the highest performing primary school in the Derker and Watersheddings area! We know data and results isn't everything and we work hard to celebrate all our children's achievements but we are so pleased to see the impact of our well planned, exciting and robust curriculum and the difference it is making for our students! Not to mention the hard work of our staff and parents and families – well done everyone! Of course, we continue to strive to achieve even better standards for our children and families and we thank you for your support in this ambition. #Willowparkwonderful #AchievingSuccessTogether
