Year 2	98.4% ↑
Year 3	97.5% ↑
Year 4	97.9% ↑
Year 5	97.4% ↓
Year 6	98.9% ↑

Willowpark Fusion

This week, some of our contemporary dancers from our after school club attended the 'Calling U Out' contemporary dance competition in Bury. The girls performed an amazing routine and were praised for their style and technique. It was a hard competition and the girls were up against some fierce opposition from a range of dance studios, but they gave a great performance and achieved a wonderful 4th place overall. You can the see the video of their performance on our social media pages. We are very proud of the effort and dedication shown by these children and we are already looking forward to our next competitions including the Oldham Schools competition. Keep an eye out for our results!

What our Parents/Families say..

"Never been able to fault any part of this school that my children attend, since moving to this school, my child has excelled massively and is doing loads better. They've dealt with any problem I've had and supported the family when there was a problem."

Parents Survey January 2023

BRITISH LIBRARY

World Book Day at Willowpark

WORLD BOOK DAY 2 MARCH 2023

- Willowpark are teaming up with the British Library to use their **"Step inside your story"** work as a stimulus for our day. The idea behind "Step inside your story" is to gift children the opportunity to create a book in which they are the central character. Classes will explore this in different ways and we'll use videos from Children's Laureate Joseph Coelho and story teller Mara to help us.
- Children will take part in the **'Share a Story'** campaign. Each day, during the week children will receive a visit from a different teacher who will share a story with them.
- Staff will record a **'bedtime story'** for their class and this will be posted on Seesaw
- Our Reading Council will run a book tasting Café during the week and appointments will be made available for children to visit a **'Book Doctor'** who will assign your child a book based on their interests.

'Reading for pleasure is the single biggest indicator for success in life, more than family circumstances, educational background, or income'

Upcoming Activities

27th February – Y4 visit to Oldham Library

1st March – Y2 Castleshaw visit
