Willowpark Primary Academy

British Science Week!

This week in school, we have been celebrating British Science Week. We have focused on the theme of Sustainability, to link with our learning in Geography. In Early Years classes, children have focused on the importance of recycling and what happens when our waste makes its way into the Seas and Oceans. In Ks1, children linked their work on weather and climate to the affect of Greenhouse Gases and how this can affect our weather patterns and cause global warming. Children in Ks2 have learned about fossil fuels, how these are formed and the affect they can have on our planet, causing global warming – they went on to learn about renewable energy sources and some even created their own wind turbines! #WillowparkWonderful #BritishScienceWeek #Curriculum

Poetry Slam!

Next week we are celebrating all things poetry with a school–wide Poetry Slam. Each class has been busy learning and rehearsing a piece of performance poetry that we will perform in a celebration assembly. We will also have a visit from a parent, who is a published poet, to talk to us about her experience of writing and producing poetry! #Poetry #English

Weekly Attendance

Class	Attendance % Improved since last week?
Pre School	79.5% ↓
Nursery	95.8% ↓
Reception	91.7% ↓
Year 1	90.6% ↓
Year 2	94.8% ↑
Year 3	93.4% ↓
Year 4	94.2% ↓
Year 5	95.4% ↑
